
HANDMADE-LOOK SUBWAY

Oxford

A gently wavy, high-gloss surface that catches light like hand-glazed tile, at a ready-to-stock price. Six soft glossy colours, two metallics, and a matching hexagon.

Colours, sizes & supplier codes

Hexagons, packing & install

The 7″ hexagons

Super White · Glossy
Glazed wall tile
Walls only
UD.OX.SWT.07.HEX.GL

Snow White · Matte
Porcelain · non-rectified
Walls & floors
UD.OX.SWT.07.HEX.MT

Same shape and size, so you can run the matte porcelain hex across the floor and continue it up the wall in glossy.

Where it works

PRODUCT	HOME	COMM.	WALLS	FLOORS
Glazed wall tile 3×12, 3×6, glossy hex, metallics	✓	✓	✓	—
Glazed porcelain Snow White matte hex	✓	✓	✓	✓

Interior use. Shade variation V2 (slight).

Packing details

SIZE	PCS	SQ FT	LB	BOX/PAL
3″ × 12″	22	5.38	16.06	120
3″ × 6″	44	5.38	15.40	120
7″ hex glossy	37	10.76	32.71	48
7″ hex matte	37	10.76	41.81	60

Per box. Subway boxes are small (5.38 sq ft), so count carefully.

How many boxes?

Area ÷ sq ft per box, add 10% (15% for hex or herringbone), round up.
Example: 30 sq ft backsplash in 3×12 → 30 ÷ 5.38 = 5.6 → 6.1 → **7 boxes**

Design ideas

- Super White 3×12 in herringbone behind a range
- Sky Blue stacked vertically in a powder room
- Taupe field with a Bronze metallic accent row

The handmade look

- The wavy surface and slightly uneven edges are part of the design, not defects
- Use a slightly wider grout joint to absorb edge variation
- Blend tiles from several boxes as you go

Install & care

- Wall tile: a wall-rated adhesive and unsanded grout
- Hex on floors: polymer-modified mortar, full coverage
- Clean with a mild, non-abrasive cleaner, especially on metallics
